Chicago, Chicago – That Toddlin’ Town !!!

Keep the Memories Alive

**Nitro Association Comes to
the Midwest !!**

Deep dish pizza, Chicago Style hot dogs, “The Magnificent Mile”, the Cubs and White Sox are things that are synonymous with Chicago. However, when you were an 18 year old trying to make it through Recruit Training Command, those items were the furthest things from your mind. When you are a recruit, the eight weeks at Great Lakes seem like eight years.

Arrangements are now underway for our 4th. annual reunion in Chicago. Since the focus of our reunion will be a day at Great Lakes, we are currently looking at hotel sites in the North and Northwest suburbs.

We have contacted the Public Affairs Office of Recruit Training Command about visiting the day of Boot Camp graduation. Several other activities at RTC are being pursued along with having the Great Lakes Naval Band participate in a wreath laying ceremony.

Nitro Association – Non Profit Status Update

Paperwork, paperwork – it’s never done. I’m sure that is the way Bob Peiffer, our resident non-profit organization guru, feels now. We have just completed the paperwork necessary for the IRS to make a determination on our request for non-profit status. Achieving this status will allow the Nitro Association to exempt from certain taxes and possibly make contributions to the Association tax deductible.

One thing is certain, we will not be a tax exempt organization. In order for that to have happened, we would have to have had 90% of our membership serve during wartime (WWI, WWII or Vietnam). Approximately 60% of our membership served during those periods.

Nitro Membership Update

USS Nitro (AE-2/AE-23) Association membership continues to grow. Our membership roll now stand at 104. The following shipmates (Nitro tour dates) have signed on as members during the month indicated:

July 1999 – Charles Smith (59-60)

August 1999 - William McBurnie (67-69); Edward Marino (68-69);

Address Correction Requested

The niece of a former AE-2 crewmember is looking for information about him. Charles Goodwin served on the Nitro during WW2. He was a signalman, on board, but was killed in Norfolk, VA. at the age of 18. Anyone having information about Charles Goodwin is requested to contact Sheila via her email address:

Nitro Blast Correction - In the last edition of the Nitro Blast, Lindsay Waters was incorrectly identified as a member of the AE-2 crew attending the reunion. He was onboard the AE-23 serving as a CWO (Gunner) in 1960-61. Sorry about that Mr. Waters.

A Final Thought

It's hard to believe three months have passed since the reunion. Again it was a really good turn out.

We have been in contact with Great Lakes Naval Base and it appears we will be able to attend the recruit graduation on Friday. This event takes place around 9AM, so it's off to bed early on Thursday.

The wreath ceremony usually takes place at the boat dock or the small cemetery on the hospital side. I had forgotten it was over there. Having the noon meal at the recruit side depends on the amount of recruits going through training at that time.

Visiting a particular school, (gunner, steam propulsion, hospital corpsman, etc) will not take place due to security and safety issues. We are also looking into the possibility of visiting the EM club is now called "The Nitro Club". When the base tour takes place, we will be given an escort.

From time to time I will have to check back and see if there are any changes in the arrangements.

.Fair winds and following seas,
